Board of Trustees Meeting Agenda Monday, September 11, 2023 @ 6:00 p.m. TriCo WRRF 7236 Mayflower Park Drive, Zionsville, IN 46077

- 1. Roll Call
- 2. Public Comment
- 3. Memorandum Approval August 14, 2023 Board Meeting
- 4. Approval of Claims Docket
- 5. Attorney's Report
- 6. Utility Director's Report
- 7. Committee Reports
 - a. Budget & Finance Committee
 - **b.** Personnel & Benefits Committee
 - c. Capital & Construction Committee
 - i. Dedication
- 8. Old Business
- 9. New Business
- 10. Adjourn

BOARD OF TRUSTEE MEETING

Monday August 14, 2023, 6:00 p.m. <u>Memorandum</u>

Mr. Mills called the meeting to Order at 6:00 p.m.

ROLL CALL

Present: President Carl Mills, Vice President Jeff Kimbell, Treasurer Jane Merrill, Secretary Michael McDonald, members, Eric Hand, Chuck Ryerson, Amanda Foley, and Jeff Hill. Others in attendance were Utility Director Andrew Williams, Legal Counsel Anne Poindexter, Engineering Manager Wes Merkle, and Administrative Assistant Maggie Crediford, Steve Pittman was not in attendance for the roll call.

PUBLIC COMMENT

There was no one present from the public.

APPROVAL OF MEETING MEMORANDUM

Ms. Merrill made a motion to approve the Board Meeting Memorandum from July 10, 2023. Mr. Hand seconded the motion, and it was unanimously approved.

APPROVAL OF CLAIMS DOCKET

Mr. Williams said large expenditures for the month were connected to approved capital projects. Mr. McDonald made a motion to approve the Claims Docket. Mr. Kimbell seconded the motion, and it was unanimously approved.

ATTORNEY'S REPORT

Mrs. Poindexter had no report.

UTILITY DIRECTOR'S REPORT

Mr. Williams said Daniel Rossman received a scholarship from IWEA for his master's degree. TriCo is receiving several awards at the IWEA conference at the end of the month. A list of the rewards received will be presented at the next meeting. Development plans regarding the Bradley Property go before the Zionsville Plan Commission on Monday August 21, 2023. Mr. Williams intends to attend the meeting and report back on the results. Mrs. Poindexter has recommended a couple of firms to conduct a rate study. Mr. Williams was pleased with the initial quotes and time frame estimates he was provided.

Mr. Pittman arrived at 6:03 p.m.

Mr. McDonald asked if there were any issues at the lift stations with all the rain that has fallen in the district. Mr. Williams and Mr. Merkle said the equipment held up well during peak flow. Mr. Williams said there was an issue in the main building when a breaker failed and melted causing issues with power and the SCADA system. Brian Vaughn was able to secure the correct parts needed for the repair and fixed the breaker in-house saving the Utility time and money.

COMMITTEE REPORTS

Budget & Finance Committee

Ms. Merrill said the Budget and Finance Committee did not meet and had no action items.

Personnel & Benefits Committee

Mr. Kimbell said the Personnel and Benefits Committee did not meet and had no action items.

Capital & Construction Committee

Ms. Foley said the Capital and Construction Committee did not meet and had no action items.

ADJOURNMENT

Andrew Williams

The meeting was adjourned at 6:07 p.m.

The next Board of Trustees Meeting is scheduled for Monday, September 11, 2023, at 6:00 p.m.

Respectfully submitted,

itility Director

The TriCo Connection

Volume 17 Issue 9 September 2023

MONTHLY NEWSLETTER

IWEA Annual Conference

Indiana Water Environment Association held their annual conference in Fort Wayne again this year and TriCo was well represented with eight employees attending at least one day of the three-day conference. Ryan Hartman and Daniel Rossman completed their last class in the

IWEA Leadership Development Institute and attended the graduation ceremony on Wednesday.

TriCo received several awards at the Awards Luncheon on Thursday. In 2022, Mrs. Barb Smith retired after 40 years in the industry and was presented with an award recognizing her exceptional dedication to education and mentoring of others in the wastewater industry. Bob Roudebush was honored to be the first recipient of the new Barb Smith Award.

The O&M Award of Excellence recognizes those WRRFs which exhibit excellence in operations and maintenance by incurring zero violations of its NPDES Permit, reflecting exemplary performance by its operations and maintenance staff. This award is not often given out, TriCo became the first Utility to receive the O&M Award of Excellence two years in a row.

Scot Watkins received the Tumble Bug Award. This award recognizes individuals who have labored industriously on behalf of the Association. Scot has been the Chair and member of the Safety Committee for numerous years and has been active in other functions of the association.

Daniel Rossman is starting his final semester of his Masters in Environmental Affairs and received the Leo Besozzi Scholarship from the IWEA. The scholarship was created in memory of Leo Besozzi, a longtime leader of the IWEA and was established to provide opportunities for wastewater professionals in continuing their education of the water environment.

TriCo received the Excellence in Safety award for the 16th year in a row. This award is given to utilities that complete the records submittal and pass a safety inspection. While there are over 500 wastewater utilities in Indiana, only 19 received this award this year. Similarly with the Laboratory Excellence Award, TriCo received this award for the 18th year in a row while only 22 in the state met the record keeping and inspection standards to receive the award.

FINANCIAL UPDATE - CINDY SHEEKS

In July 2023, total revenue was \$779,999, up \$39,745 from June 2023. The Annual total revenue projection for 2023 is \$8,129,400. YTD through July revenue is 62.75% of the annual budget projection. Residential income was \$449,327 during the month and commercial sales totaled \$270,296. Residential reads increased \$8,348 from June to July. Commercial sales increased \$29,020 from June to July. The Other Revenue category (late fees, application fees, plan review fees) was \$10,850 in July. The Other Income category (interest, gains on asset disposal, miscellaneous revenue) was \$49,526 during the month.

Total operating expenses were \$521,129 in July. YTD spending is 59.4% of the 2023 Operating Budget of \$6,409,726. Total expenses during July 2023 were \$39,745 lower than expenses in June 2023 and \$5,633 lower spending in July 2022. Wages and benefits spending totaled \$249,794 during the month. Administration spending was \$64,118 during July. Treatment costs totaled \$170,470 and collection costs totaled \$36,747 during the month.

Net income in July was \$141,706 after depreciation and amortization of CIAC.

Spending Breakdown in July:

Wages 47.93%
Administration 12.30%
Treatment Costs 32.71%
Collection Costs 7.05%

Interceptor fees collected in July were \$10,921. EDU fees collected in July were \$72,905.

Cash generated for July shows a decrease in all funds of \$246,981. Capital spending during the month totaled \$782,124 for flow meter placements, LS 26 parallel force main, LS 16 relocation, LS 14 control panel, LS 10 wet weather project and LS 8 reconstruction. Cash on hand as of July 31, 2023, was \$12,731,878.

The balances in the funds are listed below:

 Operating
 \$8,439,877

 Interceptor
 \$54,527

 Plant Expansion
 \$2,548,306

 Operating Reserve
 \$519,252

 Reserve for Replacement
 \$-654,061

 2020 Bond Funds
 \$1,823,976

 Total
 \$12,731,878

PLANT UPDATE - SCOT WATKINS

Plant staff completed 493 tasks in Cartegraph this month. The electrical work at the post-air was completed. The staff took delivery of the new Kubota RTV, which replaced the sixteen-year-old unit. Staff cleaned and inspected the non-potable pumps and post-air with the assistance of the Collection department. The VLR mixer was repaired and placed back into service.

One Hundred and eleven pump-outs have been logged and accounted for over 27,000 gallons of FOG being prevented from entering the system this month. Forty-six inspections were completed with two follow-up inspections completed. New poly interior interceptors were installed to replace the failing units at Jimmy John's, Zionsville Presbyterian Church, and Roselli's. Adel's Gyro's has re-opened after a fire at the facility.

The laboratory performed 434 CBOD5 tests, 279 Total Suspended Solids (TSS) tests, 208 Phosphorus & Ammonia tests, 51 Total Nitrogen tests, and 70 E.Coli tests. Monthly Method Detection Limit studies were completed on TSS, Phosphorus, and Ammonia. Bob passed the annual DMRQA tests.

COLLECTIONS UPDATE - AARON STRONG

Collections staff cleaned and televised a project near 96th St. and College Avenue to determine if TriCo has the capacity for upcoming densification projects in the area. The project was challenging due to heavy traffic on 96th Street, contracted traffic control measures were deployed for the duration. Mains were cleaned during normal operating hours and televising was performed overnight when flows were down to maximize visibility in the pipe. It was found that Everstream, a fiber optic internet service provider, had cross-bored TriCo's 8" main just West of College Avenue, on 96th Street. Staff worked with Everstream and their subcontractor Lineal Contracting to relocate the fiber and repair the main. Jeff and Aaron moved the ISCO flow monitors into strategic manholes to wrap up the project. Jeff will download the meters periodically to determine if capacity will be an issue going forward with the upcoming projects.

Culy Contracting performed warranty repairs on 11 manhole liners south of Lift Station #17. High H2S levels are present in these manholes due to lift Station #23 force main discharges into this gravity system. H2S can be chemically oxidized into sulfuric acid on concrete surfaces, manhole liners create a barrier between the sulfuric acid and the precast manhole structure.

Daniel and Tristin completed the ARV inspection and preventative maintenance program with 164 ARVs receiving service throughout the Utility. This worthwhile endeavor is both time consuming and labor intensive, Dan and Tristin have championed this project for the Utility over the last 3 years.

During a storm event in August, a tree had fallen into Lift Station #27, crushing over half the fence and top rails. The tree was cut up and removed by the property manager. Brian and Carter went to work procuring fence and top rails and had the station repaired and secured the following morning.

SAFETY UPDATE - LOREN PRANGE

No injuries reported this month, and we are at 581 days without a loss time accident.

No monthly IWEA safety meeting this month.

TriCo staff ordered and installed a mobile staircase for easier access to inspect our grit washers. The old way was to climb a step ladder and lean over the tank.

ENGINEERING & CONSTRUCTION - WES MERKLE

Design work is underway for the Lift Station 10 (Ashbrook) upgrades project. Staff requested and reviewed quotes from local equipment suppliers for new pumps. Design will be complete with permits and bids for construction received this fall. Punch list and warranty work continues on the WRRF Expansion project. Greeley Hansen continues to make good progress on the WRRF master planning project. They have had multiple progress meetings and ongoing communication with TriCo Plant and Engineering staff through their review of numerous options to expand capacity in the future. The final report is expected late-October.

Construction contractor Ottenweller completed installation of the valve vault and wet well on the Lift Station 16 (Michigan Road/Sycamore Street) replacement project. Force main installation is underway. A substantial amount of fill is required to bring the site up to grade, which is about two-thirds complete. Staff continues coordination with construction teams working for TriCo and the developer as well as Duke Energy to install new power service at the site. Overall completion of the lift station project is anticipated this fall.

Construction contractor Lykins completed wet well, valve vault, and meter vault installation on the Lift Station 8 (Laurelwood) project. Equipment installation is underway, including a new generator, control panel, VFDs, automatic transfer switch, electrical gear, and pumps. Crews will work with TriCo staff and equipment reps to complete startups next week. Next Lykins will complete remaining gravity sewer and force main tie-in work, demolition of the old lift station, and installation of a new AES electric service. Completion is anticipated late September or October. Construction contractor TPI plans to complete the work this fall on the Lift Station 26 (Jackson's Grant) Parallel Force Main project; all pipe material has been received.

Ryan continued coordination and inspection on both Lift Station 8 and 16 projects, including coordination with developers and electric utilities at both sites. Wes continued working with HSE in drafting a wholesale service agreement for Union Township service. He is also inspecting new generator installations at Lift Stations 11 and 26.

Staff completed 449 locates, 32 I&I inspections and 46 lateral inspections in August. There were no failed I&I inspections. 2,004 locate requests were received and reviewed. Brandon completed most lateral and I&I inspections and Nate completed most locates. Nate is working on an ad campaign for social media. Eric and Nate also completed warranty inspections on two past projects. Eric and Jeff inspected construction on the Lift Station 8 and 16 projects. Several private development projects start sewer construction soon. Jeff completed service on several flow meters with assistance from Aaron. Jeff and Brandon continued data entry and cleanup in our asset management and GIS systems.

Anniversary
